

MOBILESCAPE 5000

The Total Wireless, Handheld Payment Processing Solution for Checks & Credit Cards

No more bounced checks! The Mobilescape 5000 is the first wireless, handheld payment processing solution for both checks and credit cards. The rugged Mobilescape terminal enables secure, rapid payment transactions anywhere. It's easy to use and provides the convenience of accepting both checks and credit cards—all in one unit.

For retailers, mobile merchants, and distributors that collect payments “on the go,” Mobilescape provides flexibility of payment options that improve both customer satisfaction and the bottom line. The affordable Mobilescape solution includes hardware, software, integration services, wireless service, transaction processing, and unbeatable support and maintenance. Mobilescape delivers immediate value to your business by increasing revenues and operational efficiency and by decreasing risk and costs.

Reduce Risks by Eliminating Bounced Checks, Lost Checks, and Credit Card Losses: Be absolutely sure about collecting your payments with the appropriate check verification and guarantee subscriptions, capture and electronically store valid signatures on Mobilescape's touch screen, minimizing the risks and losses associated with chargebacks, instantly access stored signatures and receipts online

Increase Revenues: Conduct more business by minimizing, or even eliminating, time spent going to the bank to deposit checks, increase sales - customers tend to spend more when paying by credit card, significantly lower processing fees with card-present transactions, improve cash flow by collecting funds faster

Meeting all of your point-of-sale needs!
